COMMENTS FROM THE TOWN MANAGER'S OFFICE

There are a great number of things happening in town but I believe one of the most important things taking place in the near future is a special town meeting. Special town meetings are not the most desirable way to enact ordinances and raise money but sometimes it is necessary to have one. The number of voters attending a special town meeting is usually only a fraction of the number at a regular town meeting. The Planning Board and Selectmen are committed to a special meeting and I hope that a large number of voters attend the meeting.

The Planning Board has prepared a mobile home park ordinance or a trailer park ordinance. Most of the material for the ordinance was taken from the Model Mobile Home Ordinance and the Town of Brunswick Mobile Home Ordinance. All interested voters should study the ordinance which will be printed in the Citizen next week as a part of the warrant for the special town meeting.

An article will be included in the warrant that is designed to assist the law enforcement officers in their duties. The ordinance will also be printed as part of the warrant and it is self-explanatory.

An article will also be included that requests that the selectmen and treasurer be allowed to borrow a sum of money to develop a well and purchase a pump for the West Bethel Water System. The town authorized a water system for West Bethel and now there is the responsibility of furnishing water for about 25 families. The present pump and well will not last through the winter. Something must be done and every attempt will be made for the best and most economical solution.

DEER SEASON CHANGES IN SOUTHWESTERN MAINE

A minor change in the Maine deer hunting season enacted by the 102nd Legislature has been the source of some confusion among sportsmen. The change concerns the opening and closing dates in the southwestern deer hunting area.

The season in that zone will commence on Friday, Nov. 5, and will terminate Saturday, December 4. Normally, the season would end on Dec. 5, but Maine laws prohibit hunting on Sunday.

The southwestern zone is the area south of Route 16 from the New Hampshire border to Rangeley, Route 4 from Rangeley to Farmington, and Route 2 from Farmington to Bangor, and west of Penobscot River South to the Wabigoon-Hancock county line, and west of that line.

The new dates do not change the total length of the deer season in the Southwestern zone.

Ronald Stevens and Mitchell Parker spent the week end at Umbagog.

BETHEL BOY SCOUTS ATTEND CAMPOREE

Ten boys from Troop 565 spent Saturday and part of Sunday at Cathedral Pines Campground near Stratton.

Some of the Rangeley District troops arrived Friday evening and set up their tents in the rain, Saturday morning the sky cleared, and the Troop 565 boys arrived at the campground about noon. The theme for the camporee was "Skills of the Woods" and the logging industry. Saturday afternoon activities included patrol and troop competition in log chopping, log rolling, cross-cut sawing, and Scouting skills such as making tent pins. A bonfire and skits ended the day.

The Scouts who made the trip were Stevie Blake, Dennis Blake, Larry Brown, Tommy Colledge, Chuck Chikanakos, Bobby Howe, Bozo Merrill, Chuck Smith, Jim Swan and Jim Thurston.

Those assisting in transportation were Scout Mothers Phyllis Blake and Pauline Browne. Leaders were Ernest Perkins, Ernest Mundt and Carroll Valentine.

All these boys were 11, 10 or nine years of age. This pig scramble is an annual event.

S. A. D. 44 Directors Select Architects

"Committee of 100" to be Formed to Advise

The Directors of School Administrative District No. 44 have held two meetings of the entire board as well as several meetings of committees within the last week.

On September 30 a special meeting was held at the Crescent Park School. At that meeting the following communication from the trustees of Mr. Bingham's Charitable Trust was read as follows:

Bethel, Maine, Sept. 24, 1965. Memorandum for Dexter M. Stowell as chairman of S.A.D. No. 44, from the trustees of Mr. Bingham's charitable trusts:

You have written to us asking us to assist you in building a school for S.A.D. No. 44. The directors of S.A.D. No. 44 were elected on July 14, 1965, and were organized on August 16, 1965. You then asked us for a grant to enable you to retain as your educational advisors the firm of Engelhardt, Engelhardt and Leggett. We were happy to make the grant, and we are pleased by the progress you have made.

As you know, Mr. Bingham's trustees have been interested in excellence in education in this community. This is demonstrated by the part they have taken in the development of Gould Academy.

Accordingly, before we consider your request we should like to have further facts:

1. The character of the educational program that the citizens of the district believe to be essential for their children and are prepared to finance.

2. What the curriculum would be; how the building will fit the curriculum; what the site is; and what the preliminary architectural plans are.

3. The capital costs involved in producing the plant, and how those costs would be financed by borrowings or otherwise.

Mrs. Daisy Kimball moved Sunday from her summer home at Songo Pond to her apartment at Dunn's Apartments.

Miss Eva Bean has gone to spend some time with her sister-in-law, Mrs. Florence Bean, at her home on the Gore Road, Woodstock.

Mrs. R. H. Tibbets has returned from a visit with her daughter, Miss Margaret Tibbets, 118 Ambassador to Norway, in Oslo.

4. What the estimated annual operating costs of the program would be (including the expected level of faculty salaries) as compared with the current support being given for education in the district; and what the effect would be upon the tax rate.

Sidney W. Davidson, Ralph Lowell, Robert T. Barr, William M. Throop, Jr., as trustees of Mr. Bingham's Charitable Trusts.

The Board adopted a plan to invite an Educational Advisory Committee of 100 to assist the Board with advice and bringing plans to the attention of the public.

Wadsworth and Boston of Portland were selected by the Directors to serve as architects in preparing the preliminary plans for the new high school. They also are securing the services of Clark and Rapuano of New York as landscape architects. The architects will begin work at once and have planned meetings with the committee.

The regular semi-monthly meeting of the Board of Directors was held at the Crescent Park School on Oct. 4. The Finance Committee chairman, Mr. McGuire, reported that the District was in satisfactory financial condition and presented a budget as a guide for expenditures for the remainder of the year.

It was announced that Dr. Carl Porter-Shirley of the University of Maine faculty would speak to all interested persons at the Gould Academy Auditorium at 7:30 p. m. on Oct. 12.

The Building Committee reported on a very satisfactory trip to view the new high school at Wolfboro, N. H.

The Educational Advisory Committee of 100 will consist of 16 from Andover, six from Newry, 47 from Bethel, 12 from Greenwood and 19 from Woodstock.

The music program was expanded to take in the schools of Andover and Woodstock.

LETTER TO THE EDITOR

Oct. 7, 1965
 The citizens of Oxford
 County were concerned at a re-
 cent meeting of the Oxford
 County Development Committee.
 Thinking that a discussion of
 these matters would prove in-
 teresting to the voters of Oxford
 County, this and other releases
 which will follow, were author-
 ized by the whole Committee.
 The first item concerns the
 expenditure of \$135,100 ap-
 proved by the County Commis-
 sion on August 12, 1965, the
 same being in payment to Geo-
 rge H. Hove of Lewiston for 1023
 to have gift boxed; for \$359.18
 and 323 half point pens for
 \$473.12. This expenditure was
 charged to the account of the
 newly created Department of
 Economic Development of Ox-
 ford County.
 We wonder whether some of
 the questions that have con-
 cerned the members of the Re-
 publican County Committee
 may be running through the
 minds of the readers of this
 article namely:
 1. Does handing out ball
 point pens and the like attract
 new industry and create new
 jobs for Oxford County?
 2. How many property tax
 payers in the county realize
 that their tax dollars are being
 spent for this purpose?
 3. Who are the persons cho-
 sen to receive these 1023 tie
 bars and 621 ball point pens at
 the above mentioned cost to the
 taxpayers of the county of
 nearly \$1500?
 4. Does this make the vot-
 ers and taxpayers of Oxford
 County wonder whether other
 expenditures of county money
 are being as loosely handled by
 the majority members of the
 Board of County Commissioners?

 Oxford County Republican
 Committee

The Accutron Story:

No balance wheel,
 no mainspring,
 no hairspring,
 no tick, no tock.

**Accutron® made
 them obsolete.**

Don't even call this timer a
 watch. All the parts that
 make a watch tick or slow have
 been left out of it. Accutron
 time is kept by the vibration
 of a tiny tuning fork which vi-
 brates every second into 32,000
 equal parts. (Your present
 watch divides a second into
 only 5 parts; it is the only
 wrist timepiece guaranteed to
 average monthly accuracy within
 15 seconds. Accutron is a
 Buhler development. It's worth
 the time to you to look into
 Accutron.
